

WGJX 15/23/40W SELF-BALLAST INDUCTION LAMP

Type: WGJX-15, WGJX-23, WGJX-40
 Category: Self ballast induction lamp
 Lamp Base: E27 Fitting
 Lamp Power: 15W/23W/40W
 Voltage: 12V/24V/220V
 Applications: All lighting applications.

Features:

- Special mushroom shape structure avoids luminous points focus, has a uniform light emission in 360 degree direction.
- Bigger light surface area than other lamps with the same wattage, soft light with no glare.
- Compact integrated structure, size matches many lighting fixtures.
- E27 base, easy to retrofit.
- Special magnetic hoop structure, effectively avoids magnetic leakage and magnetic core power loss, perfect heat dissipation ability.
- Special ferrite magnetic core, maintains the magnetic core inductance stable in wide temperature range; unique B-H curve, reduce the magnetic hysteresis loss and magnetic core loss.
- Amalgam inside, less pollution, eco-friendly.
- Special amalgam, well suited for the instant-start features and stability characteristics in the wide range of temperature.
- With special technology, power start faster, better stability.
- Self-developed inert gas formula, ensure the consistency of light efficiency and power.
- Full range of color temperature, a variety of power options
- Inside compact electronic ballast, unique ballast technology, improve the power factor.
- Special winding technology, improve the low temperature start ability.

Rated Wattage	Operating Voltage	Ballast input Current	Luminous Flux	Pupil Lumen Rating	Fixture Dimension	Colour Temperature	Lifespan in hours
15W	220V	0.12A	750	1200 - 1500	59 x 57 x 160	3500K 5000K	10 years based on 8 hours per day or 30,000 hours
23W	12V	2.0A	1400	1900 - 2300	78mm x 62mm x 182mm		
	24V	1.0A					
	220V	0.18					
15W	220V	0.32A	2600	3900 - 4600	115x 88 x 241
